

HALLMARK SECONDARY SCHOOL, ONDO

FIRST TERM HOLIDAY ASSIGNMENT FOR 2025/2026 SESSION

SSS THREE

ENGLISH LANGUAGE

- 1a. What is concord?
Give twenty rules of Concord
- b. Give twenty synonyms and their antonyms
- c. What is concord of proximity?
- 2a. Give fifty phrasal verbs and use them in sentences
- b. What is Relative pronoun?
- 3a. What is an idiomatic Expression?
- b. Give twenty idioms and use them in sentences
- c. Outline five ways articles are written in English

GENERAL MATHEMATICS

Answer the following questions.

1. (a) Given that $256^{x+y} \times 16^{-2x} = 8^{-x+3y}$, show that $y = 3x$.
(b) Hence find the exact solutions of the following simultaneous equations.

$$256^{x+y} \times 16^{-2x} = 8^{-x+3y}$$

$$x^2 + 3y^2 = 56$$

2. (a) Using a ruler and a pair of compasses only, construct:
 - (i) a quadrilateral PQRS such that $|PQ| = 8.5$ cm, $|QR| = 7.5$ cm, $\angle QPS = 60^\circ$, $\angle PQR = 105^\circ$ and S is a point on the locus, L_1 , which is equidistant from PQ and QR;
 - (ii) locus, L_2 , of points equidistant from P and Q;
 - (iii) locate the point K, which is the point of intersection of L_1 and L_2 .
- (b) Measure $|KS|$.

PHYSICS

Read and study the following topic clearly

1. lenses and its applications

2. Sound Waves

BIOLOGY

Study the following topics

1. Nervous system
2. Sense organs

ECONOMICS

Study the agencies that regulate the financial market/Functions and roles of regulatory agencies and answer the underlisted questions:

1. Mention four (4) financial institution that operate in the money and capital markets
 2. Show how the activities of any of these market is regulated
 3. How does the central Bank control the activities of financial institutions in the money market.
-

HOME MANAGEMENT

1. State factors to consider when buying meat
 2. List importances of table setting
 3. State the procedure for making bread
-

CATERING CRAFT AND PRACTICES

1. What are sweet dishes?
 2. Give variety of sweet dishes
 3. List recipe for pineapple jam
-

FINANCIAL ACCOUNTING

Study the following at home

1. Partnership accounts
2. Admission of a new partner
3. Goodwill account
4. Revolution of partnership account

Questions

1. Briefly explain partnership account
 2. What is dissolution of partnership?
 - 3i. Mention three reason why partnership can be dissolved
 - ii. Mention types of accounts to prepare under dissolution of partnership
-

CIVIC EDUCATION

- 1a. Define national Development
 - b. Explain four problems of National Development
 - c. State five roles of rule of law in National Development
-

FURTHER MATHEMATICS

Answer the following questions.

1. The polynomial p is such that $p(x) = ax^3 + bx^2 - 19x + c$, where a, b and c are

integers. It is given that $(x + 2)$ is a factor of $p(x)$. When $p(x)$ is divided by $(x + 1)$ the remainder is 20.

(a) Show that $7a - 3b = 39$.

It is also given that when $p'(x)$ is divided by $(x - 1)$ the remainder is 1.

(b) Find the values of a , b and c .

[Note that $p'(x) = \frac{dp}{dx}$, the derivative of p with respect to x .]

2. It is given that $y = f(x)$, where $f(x) = (2x - 5)(x - 1)^2$.

(a) Find the coordinates of the stationary points on the curve $y = f(x)$.

(b) On the axes, sketch the graph of $y = f(x)$, stating the intercepts with the axes.

(c) Hence find the values of k for which $f(x) = k$ has exactly one solution.

TECHNICAL DRAWING

Answer the following questions.

1. Draw a square equal in area to an equilateral triangle with 75 mm sides.
Dimension, to the nearest millimetre, the side of the figure you obtain.

2. The sides of a rectangle are 40 and 60.

(a) Construct a square equal in area to the rectangle.

(b) Measure and state the length of a side of the square.

CHEMISTRY

Read and Study carefully

METALS & THEIR COMPOUNDS under the following sub. Topics

- i. Definition of Metals
 - ii. Physical & Chemical properties of metals
 - iii. Extraction of metals
 - iv. General properties (Physical & Chemical) of group 1 elements
 - v. Sodium:
 - a. Extraction of sodium
 - b. Chemical & physical properties of sodium
 - Uses of sodium
 - Various compound of sodium
2. Write note on the topics read.

(Note: do this in a separate Note.)

LITERATURE- IN- ENGLISH

African Poetry: "The breast of the Sea", by: Sylcheney Coker

- 1a. Summarise the subject matter of the poem
- b. Enumerate the setting of the poem

.....
YORUBA

Ko aroko lori igi ope (250) oro ti ko din ni aadota le nigba
